

Gelato Cooking Class

VERDE PISTACCHIO®
DOLCE CREATIVITÀ

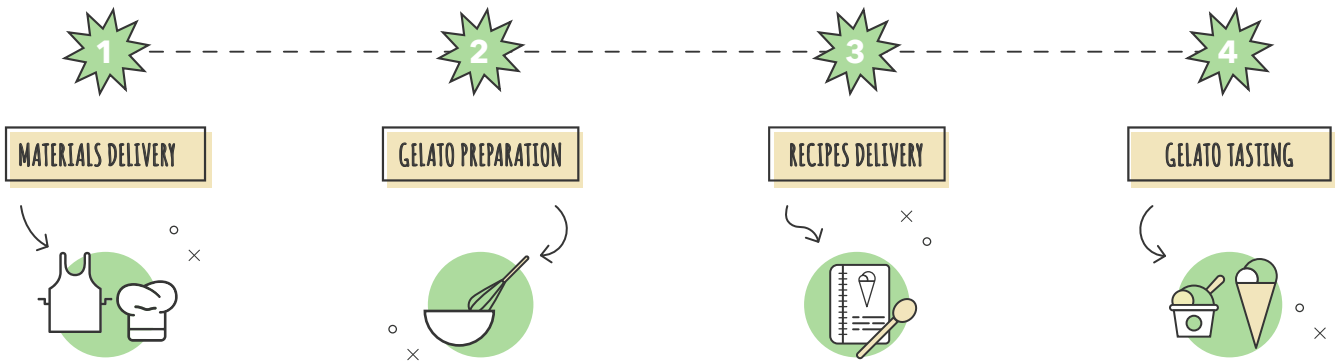

Do you want to learn how to make gelato directly at home? It doesn't take much! Book one of our cooking classes and you will be able to prepare on your own your favourite flavour.

DURATION 60 minutes
(45 min cooking class +15 min of Verde Pistacchio gelato tasting)

Arrived in our lab you will be equipped with hats and chef uniforms, as well as with all the necessary tools to prepare two of our flavours of gelato: one water-based (sorbet) for who's lactose intolerant, and the other milk-based.

At the end of the class, we will provide you with the recipes, so you can replicate them comfortably at home. Once the preparation is completed, you will be able to taste both your prepared flavours and the ones available instore.
